Dear Sir:

Attached you will find the information and specifics of our VIN Serial Number Program that we have set up at Vermeer Manufacturing Company in Pella, Iowa. The first page you will note indicates which boxes pertain to what information. We already have an assigned code from the government and it is 1VR. Page two is the list for our type of machines. Pages three through ten are the lists of the models of our machines under the type of machine headings. The location of the manufacturing plants (since we have only one location) is "1" for Pella.

If you have any questions regarding this setup please get in touch with me.

Thank you.

Sincerely yours,

Terry Van Rheenen

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17

Boxes 1, 2 & 3 indicate our assigned code from the government.

Box 4 indicates type of machine.

Boxes 5 & 6 indicate length of machine.

Box 7 is number of axles.

Box 8 is model of the machine.

Box 9 is the check digit.

Box 10 indicates the year machine is built.

Box 11 is location of manufacturing plant (Pella).

Box 12 & 13 are zero's (Do not pertain to our type of manufacturing; can be used for serial number).

Boxes 14, 15, 16 & 17 are serial numbers.
