ORIGINAL

Attn: VIN Coordinator

Gentlemen:

Attached are three copies each of our Revision and Appendix Log and page 25 of Appendix I to Suzuki Engineering Standards (SES-N4009) Vehicle Identification Number.

As mentioned in our original correspondence to your agency, dated April 2, 1980, Appendix I supplements the second section "Vehicle Descriptor Section" of Suzuki Engineering Standards (SES-N4009) Vehicle Identification Number. This information will assist in providing your agency with a clear explanation of the five characters contained in the second section of the Vehicle Identification Numbers that will be affixed to our products.

This submission represents the addition of the GV700GL and GV1200GL model motorcycles to our product line.

Sincerely,

SUZUKI MOTOR CO., LTD.
