Attention: VIN Coordinator

Dear Sir or Madam:

In accordance with Part 565, "Vehicle Identification Number Content Requirements", we submitted information applicable to Toyota's 1987 model year vehicles on July 28, 1986 and January 13, 1987 (late introduction model).

For production and sales reasons, we are making minor revisions on the Tercel and Pickup Truck coding systems. In order to keep current, we are enclosing revised sheets with which you should replace the corresponding pages of our previous submission.

Thank you very much for your cooperation.

Sincerely,

TOYOTA MOTOR CORPORATION
