Dear Sirs:

Our company is planning to manufacture a line of trailers under a franchise agreement with Pro Trac Trailers of Castaic, California. The trailers are utility type trailers meant to be towed behind cars, vans, or motor homes. The entire trailer will be manufactured at the above address with the exception of the axle assemblies which will be purchased from an outside vendor.

It is our understanding that the administration requires that a VIN identification schedule be sent to you before we begin the manufacture of our trailers. This communication is to notify you of our intent to begin building products beginning April 1, 1984.

If there is any further information required, please contact me at the above address.

Sincerely,

Dane P. Leimbach
