Dear Ms. Gardner:

This is in reference to our telephone conversation a few days ago wherein you advised that you needed the motorcycle engine displacement with regard to the list of codes I previously sent you.

Enclosed is another copy of that list. The engine displacement is included and is the number given in each line. For instance for the first item (Ducati 900 Hailwood replica), the displacement is 900. I have circled those for you in each instance.

Please don't hesitate to contact us again if you need anything further.

Sincerely,

Patricia LaPlante

Dear Mr. Rutland:

Thanks very much for your help over the telephone last week enabling us to move ahead with VIN number assignments.

Attached is a sheet showing the codes we will be using for various motorcycles. I have also enclosed a copy of the letter sent to us by SAE assigning our World Manufacturer Code.

You indicated you would be watching for our information and would do what you could to speed things up as we actually need to assign a couple of numbers right away.

Thanks again. If you need anything further, please don't hesitate to contact me.

Sincerely,

Patricia LaPlante
