Gentlemen:

Attached are three copies each of our Revision and Appendix Log and page 35 of Appendix I to Suzuki Engineering Standards (SES-N4009) Vehicle Identification Number.

As mentioned in our original correspondence dated April 2, 1980, Appendix I supplements the second section "Vehicle Descriptor Section" of Suzuki Engineering Standards (SES-N4009) Vehicle Identification Number. This information will provide your agency with a clear explanation of the five characters contained in the second section of the Vehicle Identification Numbers that will be affixed to our products.

This submission respresents the addition of the GSX600F model motorcycle to our product line.

Sincerely,

AMERICAN SUZUKI MOTOR CORPORATION
