March 15, 2006

Attn: VIN Coordinator,

Precision Solar Controls is requesting an amendment to our Vehicle Identification Number (VIN) sequence that was previously amended on December 21, 2004. We have added one (1) new item that could be used in character position number five (5). This item will denote "A" – "HE-06", under the "Series/Body Type" category. Precision Solar will start producing this new trailer in March 2006. We now submit the following amendment to the National Highway Traffic Administration for approval. Our sample VIN is as follows:

1P91A171X6G301055

The following detailed information is necessary in order to decipher all characters in our Sample VIN.

Character Position	Number	Explanation
