#1 - #3	WMI (from SAE)	5ZA
#4	Make	S = closed body
		C=convertible vehicles
#5	Engine /motor type	G =gasoline-powered engine
		D=direct current motor
		A =AC induction motor
		P = Permanent magnet brushless motor
#6	Power displacement/power	A=≤250CC gas engine
		B >250CC and ≤800CC gas engine
		C=>800CC gas engine
		2=<3KW motor
		3=≥3KW and<4KW motor
		4=≥4KW and≤5KW motor
		5=>5KW motor
#7	Drive axle type	1 = integral rear axle
		2 = independence suspension, divided rear axle
#8	Serial NO for design improvement	0=basic design
		1 = design improvement for the first time
		2 = design improvement for the second time
#9	Mathematical check digit	Produce automatically
#10	Model year	8 = 2008, 9 = 2009 A=2010 B=2011... sequently
#11	Assembly Factory	A = factory in U.S.A C=factory in China
#12 - #17	Production Series No	Followed by 00001
