The following is a break-down sample of an Atlas Mfg. Co. 17 digit number on a standard Trailer

Check digit should be ∅.

1 A 9 F S 16 2 4 F M 009 001

US
Atlas Mfg
- Issued -
Flat Bed
Standard series
16' Bed Length
2 axles

ORIGINAL

check digit

1985 yr. model

mfg. At Tremont, Mississippi
under 500 per yr.
- Issued -
Sequence

01-22-N11B-2588

Also - please note - we will be building a similar trailer - manuf. differences are cheaper tires, axles and Lumber -
- Size + shape are the same -
We will change one digit for our own use -
Rather than S for Standard - we will use E for economy.

- Sample -

1A9FE1625FM009001

I realize that your office is very busy - but please advise as soon as possible if there are any mis-represented figures as we are already in production!

Sincerely -

Susan M. Harp
