Attention: VIN Coordinator

Dear Sir:

Hackney Bros. Body Company plans to begin manufacturing trailer dollies or trailer converter dollies.

Under our present identification attributes for trailers, we do not have an appropriate designation for body type on trailer dollies. Since trailer dollies are equipped with fifth wheels and do not have actual bodies, we wish to add to our attributes under Body Type "(5) Not Applicable."

Some trailer dollies will be less than ten (10) feet long. We wish to change attribute (1) under Length to "(1) Under 12 Ft."

Our revised attributes will be as follows:

  - (3) Trailer Dolly
  - (4) Automotive Trailer
