Attention: VIN Coordinator
Subject: VIN For Scania Bus - FMVSS 115

Gentlemen:

The Scania Division of Saab-Scania of America, Inc. will commence the manufacture of Scania transit buses, model CN112, in the near future.

In accordance with FMVSS 115, we wish to advise you of the unique number identifiers which we plan to use for the Vehicle Identification Number. This (VIN) would be as follows:

1S9 N1164 - EC098001

The first three numbers of the first section, 1S9 and the third, fourth and fifth characters of the vehicle indicator section 098 have been assigned by The Society of Automotive Engineers. The information relating to the other characters of the VIN are as follows:

Character number 4	N	N Type Chassis
Character number 5	1	112 Chassis Series
Character number 6	1	Scania DS11 Engine
Character number 7	6	Air Suspension
Character number 8	4	Air Brakes
Character number 9	-	Check Digit
Character number 10	E	Model Year
Character number 11	C	Manufactured in Orange Connecticut

We trust that this information is sufficient for you to clearly identify any buses which are manufactured by our company.

Very truly yours,

SCANIA DIVISION

Ralph T. Millet
Director
