Dear Sir:

We wish to submit the information as required by MVSS 115 S6.2. The following explanation should allow you to decipher VIN's used by us on our motorcycles.

In the first section all three characters were assigned to us by SAE/WMI they are 1S9.

In the second section the 1st character shall designate the type of motorcycle. The 2nd character shall designate our line or model identifier. The 3rd character shall designate engine manufacturer or type of drive if non engine driven. The 4th & 5th character together denote the engine HP if so equipped or the boiler HP on steam propelled units or KW on electric units. Possible characters in their respective positions are as follows for the second section of the VIN. 1st character "T" three wheeled vehicle with two wheels in front; "A" three wheeled vehicle with two wheels in rear; "B" two wheeled vehicle. 2nd character line; "K" Quatorze; "N" Neuf; "E" Executant. 3rd character engine manufacturer or drive system type "B" Brigs & Stratton; "K" Kohler 2cyl 2cy; "Z" Chaparral/Zenoah; "S" steam cycle developed and mfg. by us; "V" battery source electric drive. "P" photovoltaic source electric drive. 4th & 5th characters numerals of the actual HP or KW of drive system.

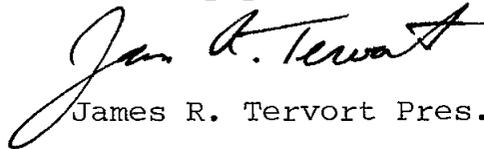

In the third section the characters used in their respective position shall designate as follows. 1st character year designation as required by table II MVSS 115 S4.5.3. 2nd character "M" indicates manufacture at our plant in the Musselman Industrial Park near Sebring, Fl. 3rd, 4th, 5th charaters were assigned by SAE/WMI they are 1,2,3 respectivly 6th,7th,8th characters are serial production sequence starting at 001 each model year.

Check digit as required by MVSS 115 S5.

The prototype now undergoing tests has been given the VIN 1S9TKB256FM123001. We have no plans to sell the prototype in the next 6 months and certify same at this time. We do however need to begin highway testing as soon as possible, could you please exempt the prototype from the 60 day notification of above supplied information, so that we may title and license it, in order to begin the highway portion of our testing program.

You may contact us electronically at Telex 9109976255 (SEBRINGAUTOCYL).

Sincerely yours,
