Subject: V.I.N. Deciphering Information Amendment Submission

Gentlemen: **01-22-N11B-1936**

RECEIVED
1985 JUN 11 AM 8:18
OFFICE DEFECTS INVESTIGATION

Please be advised that Freightliner will add two new engine codes to its V.I.N. coding scheme for positions 4 and 5. These positions represent a code for model series, chassis, cab and brake system.

New Codes for Positions 4 and 5:

Code:	5Y	6Y
Cab Type and Model Series:	Conventional	Conventional
Wheels:	6 X 2	4 X 2
Front Axle Position:	Setback	Setback
Truck or Truck-Tractor:	Truck-Tractor	Truck
Brake System:	Air	Air

Attached is a copy of the deciphering information contained on Table B, for positions 4 and 5 for the current Freightliner product, Series Y. This copy of Table B reflects the new codes and should supercede previous editions of Table B for Series Y.

Best regards,
