Here is the information you requested on what types of trailers we will be building.

SAMPLE V.I.N.

sect. 1	sect. 2	sect III
1 C 9	B R 4 0 2 7	G 1 2 6 4 0 0 1

IP ✓

SECT. 1: describes our World Manufacturer Identifier Code  
 1- stands for U.S.  
 C- stands for Cumberland Farms  
 9- means we make less than 500 units per year

SECT. 2: describes the trailer  
 B- stands for Box trailer  
 R- stands for Refrigerated trailer  
 4 0- stands for the length of the trailer (4 0=40 ft.)  
 2- stands for the number of axles  
 7- stands for the check digit, calculated after VIN is complete

SECT. 3: Vehicle Indicator Section  
 G- stands for model year  
 1- stands for the plant location  
 2 6 4- number assigned to us by SAE  
 0 0 1- stands for the sequence number

The only positions that will differ on our VIN's are positions 6, 7 and 8. In those three positions it will be either 4 0 2 or 4 5 3, with 4 5 3 meaning a 45 ft. trailer with three axles.
