**ORIGINAL**

Attention: V.I.N. Coordination

Subject: V.I.N. Deciphering Information Amendment Submission

Gentlemen:

Please be advised that Freightliner will add a new model code to its V.I.N. coding scheme for positions 4 and 5. These positions represent a code for model series, chassis, cab and brake system.

New Code for Positions 4 and 5:

Code:	BX
Cab Type and Model Series:	Conventional
Wheels:	8 X 4
Front Axle Position:	Setback
Truck or Truck-Tractor:	Truck-Tractor
Brake System:	Air

Attached is a copy of the deciphering information contained on Table B for positions 4 and 5 for the current Freightliner product, Series X. Code BX is included. This new edition of Table B should supercede any previous editions.

Best regards,

01-22-N11B-2276
