Docket 1-22, Notice 8

Gentlemen:

In accordance with paragraph 6.3 of the above standard, I am writing to provide you with an updated list of the following changes for the Blue Bird VIN. These changes will be effective immediately, and are being made at the recommendation of Patty Gardener of NHTSA. Blue Bird had requested recommendations of what to do because we had exhausted all of the alpha and numeric characters in this section.

We plan to revise this section to body model ranges in order to free up some of the digits. We can still identify each specific vehicle through the production sequence number.

Series (Body Model)(5th Digit)		
A 1800 - 2199	E 2810 - 3006	J 3503 - 3604
B 2200 - 2509	F 3007 - 3108	K 3605 - 3706
C 2510 - 2700	G 3109 - 3400	L 3707 - 3808
D 2701 - 2809	H 3401 - 3502	M 3809 - 3903
		N 3904 - 4100
