Dear Sir or Madam:

We are a manufacturer of a single axle trailer used for towing cars. We presently sell less than 500 a year. Below the 1 through 3 and 12 through 14 characters were assigned to Putnam Manufacturing by S.A.E. The remainder characters were derived by us.

1P9RS2612G1113423

*Should be a 4 per Rex Putnam
5/15/87 rdy*

I have one question regarding the usage of this number. Do I understand correctly that we can not assign this number to a trailer for 60 days prior to submitting this VIN identifier? Please inform us of when we can begin to identify our product by this number.

Sincerely,

PUTNAM MANUFACTURING
