July 15, 1987

Dear Patti Gardner,

This is a notification that the WMI code I had sent to you (411) has been confirmed by SAE as being 421 not 411. Please make the necessary changes in our docket.

1 pg.

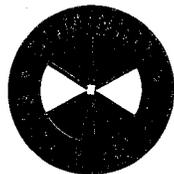

Also, we will be producing boats with retractable wheel systems from 16 feet thru 23 feet. Characters 6 and 7 in our VIN code shall reflect which size (in feet) it is.

Thank you so very much for your help in the past.

Sincerely,

Walter "Budgie" Jastrzebski
Production Manager
