**Manufacturer Identification**

**East River Machine Corporation  
16705 480 Avenue  
Reville, South Dakota 57259  
Tel: 605-623-4506**

**State of Incorporation:** East River Machine Corporation is incorporated under the laws of the state of South Dakota, with the address of record indicated on this submission.

**Product Manufactured:** East River Machine Corporation engineers and manufactures a product line of "live floor"/ "conveyor floor" bulk material trailers used to transport bulk materials including but not limited to grain, vegetables, or earth. East River Machine Corporation also manufactures, custom-built trailer units. Typically three custom trailer body types are produced, flatbed cargo, horse and related equipment transport, and livestock for farm animal transport. East River Machine Corporation also offers manufacture of special purpose trailers for customers with unique needs. Trailers are sold as "East River" brand trailers.

**GVWR:** The gross vehicle weight ratings (GVWR) of East River Machine Corporation custom trailers range from 500 lbs to 36,000 lbs. Our line of "live floor" trailers have a GVWR range of 5000 lb to 36,000 lbs.
