fax: (503) 682-1704

Owner of Company: Tom Garnier

City of Incorporation: SSI is incorporated in Wilsonville, Oregon USA

Product Manufactured: SSI Shredding Systems, Inc. designs and manufactures powerful, industry-proven size reduction solutions. Using patented features and slow-speed, high-torque technologies, SSI produces quality one-, two-, and four-shaft shredders as well as robust pre-load transfer station compactors and horizontal balers. Fully integrated controls and material handling systems complement SSI's leading-edge products. New, used, stationary and mobile shredding equipment from 5-1,000 horsepower features field- convertible electric or hydraulic drives.

GVWR: The gross vehicle weight ratings (GVWR) of our products range from 5,000 to 60,000 lb equipment trailers.
