Re: Registration with NHTSA

Dear Mr. Coleman

It has recently come to my attention that as a final stage vehicle manufacturer we are required to register with your organization.

Wiegiers Incorporated located in Clifton, NJ is a full service truck and trailer equipment distributor. We complete trucks in the final stage of manufacture by installing van bodies, flatbed bodies, service bodies, dump bodies, and related accessories on cab-chassis with GVWR's ranging from 6,000 lbs. to more than 33,000 lbs.

If acceptable please send written confirmation to the above address that we have submitted the required Manufacturer Identification information and are now registered with the NHTSA.

Thank you for considering our request. If you have any questions please feel free to contact me.

Sincerely,

Tom Wiegiers
Secretary/Treasurer
