Dear Sir:

I am submitting the following information per the Federal Motor Vehicle Safety Standards and Regulations Part 566 - Manufacturers' Identification (Doct.No. 71-11; Notice 2).

Within this month, we will be in the manufacture of two small, two-wheel cargo trailers as seen on the enclosed flyer. The trailers have been designed to be used as cargo-utility trailers with gross vehicle weight ratings of 600 lbs. and 1000 lbs., respectively.

Our name and address is:

Central States Tool & Die Works, Inc.
4301 North 30th Street
Omaha, Nebraska 68111

If more information might be needed, please contact me.

Best regards,

Robert Reischl
Chief Engineer

LEVELE INSIDE FOR PEOPLE

With the energy crisis as it is today, these two trailers give the owners of import and compact domestic cars, the freedom for vacations or camping trips. Your small car can save you money on gas mileage and yet carry 15 cubic feet of cargo in a trailer designed specifically for you. Low profile with leaf spring suspension — easy going over the roughest terrain. Body and cover molded of ABS high impact plastic highway yellow colors or you paint to match your car. Steel frame, with removable tongue for easy storage. Tires are
