Re: Registration as a Final Stage Manufacturer

To The Administrator NHTSA,

Western Cascade Truck, Inc. wishes to register with your agency as a Final Stage Manufacturer per CFR 49 parts 566.5, 567.5 and 568.6

Western Cascade Truck, Inc.
12065 44th Place South
Tukwila, Washington 98178

Western Cascade is a final stage manufacturer of truck cargo tanks and equipment that carry tools, propane, refined fuels, dry bulk, aviation fuel, food grade and any of the MC DOT cargo tanks as listed in CFR49. Western Cascade also installs related equipment supporting the final delivery of the cargo tanks products. We include in the final stage manufacturing and up-fitting, DOT lighting and Rear Impact- bumpers. Final stage assemblies also include support equipment like van body trucks, crane/service trucks, tool boxes and related equipment. The gross vehicle weight ranges of the new incomplete vehicles that are manufactured by others that we install tanks and equipment onto are 8500lbs. through greater than 33,000lbs, class A through class 8.

Western Cascade currently holds the following certifications and Authorities: DOT Certification Number 3709, NBBI "R" Stamp #3076, ASME "U" Stamp number 28-678, Registered Importer number 94-023, United States Coast Guard CSC Delegate Authority number 10580/3.

This document serves as registration with your department.

Please forward acknowledgment of the registration with any required forms to be filed with your agency at your earliest convenience.

Respectfully submitted,

Pat Malara, President
