Owner of company: Pat Trafican

City of Incorporation: Pt Welding, LLC is incorporated in Woodland California, USA.

Product manufactured: PT Welding, LLC builds trailers from steels purchased at local steel distributors. The trailers we build are grain hopper tractor trailers used in the agricultural industry. The trailers are built as a set of doubles with a straight semi and a pull trailer. The semi contains one axle(at rear), and the pull trailer contains two axles(one at rear and one at front on turn table).

GVWR: The gross vehicle weight rating of our product is 40,000 lbs. for each trailer.
