Product manufactured: Park Models Manufacturing, Inc. builds Park Model Trailers. Park Model trailers are recreational vehicles, primarily built for the camping industry. Ours are described as cabins-on-wheels. They contain 16' x 12' to 33' x 12' of living space, and all are under 400 sq. ft. They are built of wood on a trailer frame and have kitchens and bathrooms. Some have private bedrooms. We also manufacture bath houses and bunk houses which are the same sizes as our cabins. Our cabins are shipped by common carrier, fully assembled and ready to be connected to in most RV spaces.

GVWR The gross vehicle weight ratings (GVWR) of our products range from 8,000 to 14,000 lbs.
