Subject: Manufacturer Identification of NEALCO Equipment, LLC

Owner of Company: Duaine A. Collier  
Edward S. Goodhart  
David W. Rohr

City of Incorporation: Shippensburg, Pa.

Product Manufactured: NEALCO builds asphalt sealcoating equipment to be sold to sealcoat users. The units are made of steel and bought components that are welded and assembled to make the finished machines. A large proportion of the machines are made as a trailer system, combining the tank, power unit and delivery system on wheels.

GVWR: The gross vehicle weight ratings (GVWR) of our trailers are 9,000 lb up to 20,000 lbs.

Assigned WMI by SEA: 1N9 / 267

Signed: David W. Rohr

Date: 5/9/06

David W. Rohr  
Manufacturing Manager
