I am not sure if you will need to send a change of address or not. I am ccing this to David Coleman of this office and he should be able to advise you on that matter.

Have a great weekend.

Hello,

Thank you for your response to my email.

Just to be sure, I checked again in your database for FEEL GOOD CARS data and I found out some information. However, the addresses are not the right ones. Do I need to have my client send a change of address to NHTSA or can I do it in his behalf. If so, here is the new address :

5/23/2006

FEEL GOOD CARS
277 Richmond St. W.
Suite 200
Toronto, ON
Canada M5V 1X1

Please confirm.

Thank you for your help.

Hi Mr. Beaulieu,
I ran your business name in our database located at <http://www.nhtsa.dot.gov/cars/rules/manufacture/> and no data was found in the 566 search.

I hope this information is helpful.

Sir,

About two weeks ago, I sent an email to your attention inquiring about Feel Good Cars Inc. identification data, and in fact, about whether the NHTSA files did contained or not the information required by 40CFR566 for this Canadian based vehicle manufacturer.

It would really help in advancing our US regulation compliance program if you could respond to this inquiry at your earliest convenience.

Thank you again for your cooperation in this matter.

Subject: Manufacturer ID - 49CFR566

Hello,

I am an automotive consultant currently working with Feel Good Cars Inc., a Canadian based company that plans to export and sell vehicles in the US within the next few months. I am more specifically involved with regulations at this point in time and my mandate is to make sure the above mentioned vehicles will be in full compliance with the various applicable US regulations before they go on the market.

Feel Good Cars already has a World Manufacturer Identifier (2FH). However, because of administrative reasons or maybe just basic human error, it seems that my client is not sure that he provided HNTSA with the identification information as required by 49CFR566.

Would you then be kind enough to check in your files if, in fact, Feel Good Cars Inc. has provided the above mentioned information and did comply with the regulation? If so, a copy of the letter/email received by NHTSA office would be greatly appreciated. This would help me in making sure our files are complete for future references and that everything is in order.

Thank you again for your help in this matter.

Regards,

Jean Beaulieu, ing.
