Owner Of Company: John Bell

Product Manufactured: Bell Custom Products builds utility trailers from steel material purchased from local suppliers and trailer part vendors. We have one single axle model trailer at the present time and may expand to a dual axle utility model in the future, depending on the market sales of our original design. We are a very small based company just starting out in this business.

GVWR: The gross vehicle weight ratings (GVWR) of our product at this time of submission, will be <10,000 lbs. tag along ball type trailers.
