RE: Amendment

Dear Mr. Coleman:

I spoke with Vince (he did not give me his last name) in your office yesterday regarding the procedure for informing your office of additions to our VIN decoding information. Following is an amendment as per Vince's recommendation:

<u>VIN POSITION</u>	<u>DESCRIPTION</u>	<u>AMENDMENT</u>
1. VIN Position 6 & 7	Length of Trailer	32' and 28'
2. VIN Position 8	Number of Axles	1 and 3

I trust that this information is sufficient documentation for the amendment as required by the National Highway Traffic Safety Administration. Should you have any questions, or require further information, please feel free to contact me at the above listed telephone or fax numbers.

I would like to compliment Vince on the helpful manner in which he worked with me yesterday. I must admit that the legalities of the VIN Decoding is somewhat overwhelming to one who is not familiar with the requirements and regulations involved. Vince was not only helpful, but was also patient and kind in his communication with me, this was greatly appreciated.

Respectfully,

Diana L. Gibson,
