## CONTRACTUAL AGREEMENT

This Agreement is between RTM Uruguay S.A. ("Manufacturer"), and RTM Group Inc ("Importer"). The Manufacturer was formed in 2006 and has no other corporate names or aliases associated with the manufacture of motorcycles. The manufacturer utilizes subcontractors and subsidiaries in the production of motorcycles; however, the manufacturer does not export motorcycles to the USA under any other corporate name or alias, unless disclosed under Item 7 below. The Manufacturer is a well-respected designer, developer and manufacturer of motorcycles. All motorcycles are built at several facilities (in Montevideo, Uruguay); the facilities have the capacity to build 10,000 motorcycles annually, and have a plant staff of 100 employees associated with all manufacturing. The Manufacturer builds motorcycles engines in the following sizes: 50cc - 200cc.

To the United States Environmental Protection Agency:

Now, therefore, in consideration of the mutual covenants contained herein, and other good and valuable consideration, receipt and sufficiency are hereby acknowledged, Manufacturer and Importer agree as follows:

1. All RTM brand vehicles delivered by the Manufacturer to the Importer shall comply with all applicable US EPA emissions regulations.
2. All RTM brand vehicles delivered to Importer shall be in all material respects the same as those for which certification was granted, and no production changes shall be implemented by the Manufacturer unless said changes are disclosed and approved by the Importer. It is acknowledged that if any production changes are proposed by the Manufacturer that may affect the emissions control effectiveness in any way, the Importer must be notified prior to such change for the purpose of determining if additional emissions testing or submission to the US EPA is necessary.
3. The certification test vehicle shall (a) comply with all applicable emission requirements when tested at any setting within the ranges for the operational parameters as described in the application for certification, (b) remain available for inspection and/or confirmatory testing by the US EPA upon agency request, until and unless a Certificate is granted, and (c) test data and information shall remain available to the US EPA for a time period as described in 40CFR86.
4. All facilities and equipment utilized for evaluating the test vehicle are available for inspection by the US EPA upon agency request.
5. Importer shall solely rely upon the Manufacturer to provide products that shall be covered by this Certificate of Conformity and the Manufacturer shall provide products only produced at the location described in the Application.
