Dear Sir:

This letter is an addendum to my previous letter dated 10-12-92 (copy enclosed).

Sherrod Vans builds and sells 2 (two) conversions. The "SL" model, "Sherrod Luxury" and the "EL" or "Entry Level" Quantum. The models are manufactured on Ford, Dodge, Chevrolet, and GMC full sized chassis. Occasionally we convert a Chevrolet Astro or G.M.C. Safari mini van chassis and then only in the "SL" version.

The GVWR's range from 5,272 lbs to 6,700 lbs.

About 1/2 the chassis have their roofs removed and a fiberglass high top installed.

Sincerely,

Mitch Fry
Director of Engineering
