Re: Registration for NHTSA Final Stage Manufacture

Corporation Name: DeAngelo Brothers, Inc.

100 North Conahan Drive

Hazleton, PA 18201

(570) 459 - 1112

Incorporated in 1978 in Pennsylvania

Description: A final-stage manufacture that mounts various metal, poly tanks and spray systems to the chassis of existing major truck manufactures with a final Gross Vehicle Weight of between 8,500 lbs to 56,000 lbs depending on the vehicle and application. The final stage manufacture trucks are used by the company for vegetation management spraying work across the United States. All spray trucks and equipment are professionally constructed and have regular maintenance.
