Re: RKI, Inc. (formerly Rawson - Koenig, Inc.) Manufacturer Identification Registration

Dear Mr. Coleman:

We have exchanged a number of e-mails over the last several weeks as I attempted to obtain from you updated documentation that our company is and has been registered with NHTSA. (Enclosed please find a copy of the letter that you sent to me on June 15, 1998 for reference.) You suggested that I send a letter to you, and Ms. Cathy Douds of the SAE, authorizing you to change the 565 and 566 databases viewable by me on the Internet. Please allow this letter to serve that purpose.

I would also like to be sure that our legal corporate name is reflected on the current registration. The Corporation changed its name, for marketing purposes and to make the spelling easier for our customers, from "Rawson - Koenig, Inc." to "RKI, Inc.". All of the other information submitted with our original request for registration remains unchanged. Our Corporate office is at 2301 Central Parkway Houston, Texas, 77092. We are incorporated in the State of Texas and we are a manufacturer of utility bodies, toolboxes, winches and truck mounted cranes. Occasionally, we do complete a few demonstration trucks and trucks for our local utility provider in the final stage by installing service bodies and related accessories on chassis-cabs with GVWRs from 8,600 lbs to 33,000 lbs.

Please return written confirmation, in the self-addressed envelope enclosed, that our company has submitted the information required by 49 CFR part 566 and is properly registered as an incomplete vehicle and final stage motor vehicle manufacturer with NHTSA.

Thank you for your assistance in this matter. Please contact me immediately if there is any further information you require to update our registration. I can be reached at (713) 688-4414 ext. 103 or by e-mail at [fcwamhoff@rki-us.com](mailto:fcwamhoff@rki-us.com)

Sincerely,
